Employer of the Month: Thairapy Lounge Salon

Ering Miley and Natalee Stansberry co-owners of Thairapy Lounge Salon—A Salon Spa Experience, opened in November as a small booth rent studio and then converted to a full commission salon 2.5 years ago. Thairapy Lounge Salon is a full service salon and spa offering all hair, nail, massage, waxing, esthetics, and spray tanning! Like many salons, Thairapy Lounge Salon is implementing a level system for their team of stylists. The level system accomplishes two primary goals. Their first goal is to provide options to their guests so that they may choose the level that best fits their budget and needs. Their second goal is to provide a career path of growth and achievement for their team members. They are extremely team and goal oriented and always strive to be the best version of themselves and to serve their guests at their greatest capacity. They love to hire Central Oklahoma College graduates because they feel that the school is doing an excellent job of educating the next generation of stylists, massage therapists, and estheticians, and are always looking at ways to improve and advance their college in all areas! They said “ We are so excited to continue our relationship with Central Oklahoma College, it’s faculty, and students!”
