

March 25, 2020

All Current and Future Students,

We will be posting updates, on a regular basis, to provide you with helpful information about your education. Our number one goal, is everyone's safety. We are following the guidelines set by Governor Stitt, and Oklahoma State Department of Health during this challenging time.

It's important to remember that this will pass, and at some time in the near future, life will get back to normal. In the meantime, we all have a little extra time on our hands; how wonderful is it that you can continue your education, and when this passes you will be that much closer to graduation. We are very thankful and excited, with how well all of you have done transitioning to online classes. We all need to be patient with each other during this process, as we all learn differently

Most of you are aware, that President Trump has passed several stimulus plans to help the American people, the healthcare industry, students, and businesses in many different ways. As we become aware of them, we will pass information and links along to you.

One important link is the Oklahoma State Department of Health which give daily updates on the status of the Coronavirus in the state <https://www.ok.gov/health/>

Based on the Governor's recent decision to close all non-essential business until April 16, 2020; our return date on campus has now been extended to April 20, 2020. For many students this is the beginning of a new term, for others it will be in the middle of a class. Either way we will be happy to see everyone, that day!

Keep up the great work, and positive attitudes. Be patient, and kind to each other. Remember we are here for you. That means if you just need someone to talk to its ok, call us.

All of our faculty and staff are available if you have any questions.
