There are also tips on how to develop effective communication skills, simplified benefits of effective communication, tips for more effective communication, the different types of communication, and the seven principles of communication.

July Employee of the Month- Holly Conner

-Holly Conner, Cosmetology Instructor and Registrar

"Hello, I'm Holly Conner, also known as Conbon or Conner. I am a 1989 graduate of Central State Beauty Academy from the Cosmetology and Master Instructor Programs. I worked behind the chair for over 13 years until I had my two beautiful daughters. One of my daughters recently graduated from the Esthetician Program! I have been blessed to be a teacher for 17 years. I am so thankful to have such great co-workers and amazing bosses. I truly love seeing students excel in their time here and move onto their careers. It's very rewarding. I can't believe it's been 34 years of doing what I love. In the 17 years here at Central Oklahoma College, I have seen a lot of changes, and I can truly say it's the BEST College to be a part of!"
