To apply for federal student aid, students must first complete the Free Application for Federal Student Aid (FAFSA). This application form can be obtained in paper format from the FA Office or can be completed and submitted online at: www.fafsa.ed.gov. The Student Aid Report generated after the FAFSA is completed, in addition to institutional and other applications, will be used to determine your eligibility for aid.

Return of Federal Student Aid

The calculated amount of the Return of Title IV (R2T4) funds that are required for the students affected by this policy are determined according to the amount of time a student spent in academic attendance, and the total aid received. Title IV funds are awarded to the student under the assumption that he/she will attend the College for the entire period for which the aid is awarded. When a student withdraws, he/she may no longer be eligible for the full amount of Title IV funds that were originally scheduled to be received. Therefore, the amount of Federal funds earned must be determined by a specific formula based on a pro-rata basis. If the amount disbursed is greater than the amount earned by the College, unearned funds must be returned.

More information regarding the return of federal student aid and refund policies can be obtained from the Financial Aid Office.

Drug Conviction Effects on Federal Student Aid Eligibility

Any student convicted of selling or possessing illegal drugs while receiving federal student aid may become ineligible for aid for all or part of the school year depending on the type and number of convictions.
